SUBJECT: Rescission Of Soil Remediation Permit # SR0400047  
American Drew Furniture, Plants #12 and #14  
North Wilkesboro, Wilkes County

Dear Mr. Brock:

The Division of Environmental Management has received information from the Winston-Salem Regional Office which confirms that the remediation of petroleum contaminated soils activities are complete at the American Drew Furniture facility, as authorized by the subject permit. Therefore, as you requested, Permit Number SR0400047 is hereby rescinded, effective immediately.

If in the future, you determine that you want to engage in soil remediation activities, you must first apply for and receive a new Nondischarge permit. Failure to obtain a valid Nondischarge Permit for such activities will subject the owner to a civil penalty of up to \$10,000 per day.
